Portable Electric Nail Drill Set

深圳市瑞音博科技有限公司

Shenzhen Rainbow Technology Co., Ltd.

Portable Electric Nail Drill

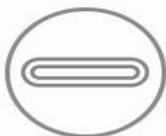

RB-015D

CE FC RoHS

- 3 adjustable speed
- Patented design
- Speeds:20000RPM
- Built-in battery with indicator
- LED indicator light when working

2.5 ± hours

Type C

Low noise

Easy to carry

Product Market Chance

Sales Date Trends Show the Demand of Electric Nail Drill has been Risen Sharply

Market Research User Feedback and Focus

- Plug-in Type is not convenient to use and needs to be powered on all the time
- Easy to Carry, and ready to use anytime
- Whether it could be removing cleanly
- Whether it could be used for a long time or not
- Comfortable design could handle and hold it better

Product Advantages and Unique Selling Points

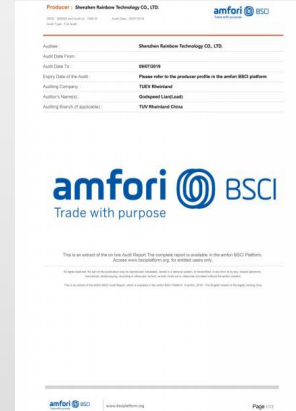

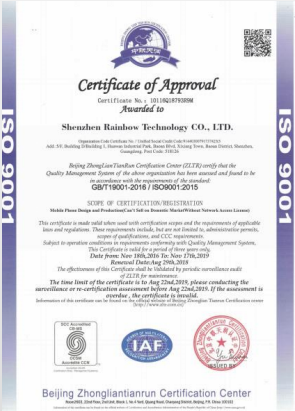

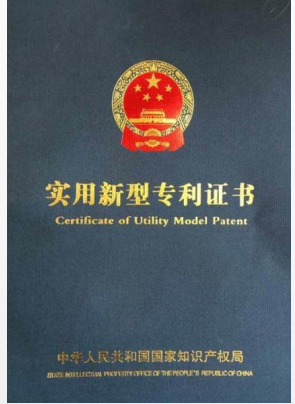

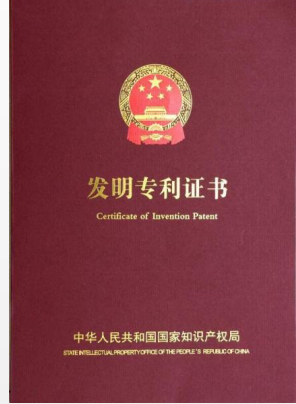

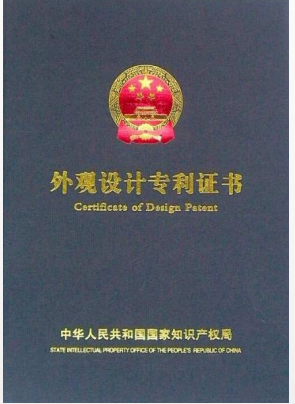

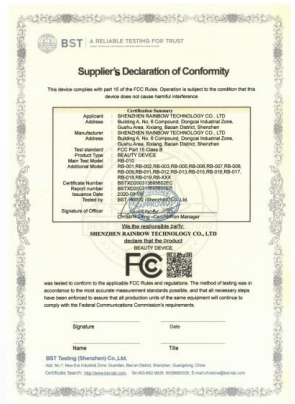

- Built-in 350mAh Large Capacity Battery, Working Time is about 3.5H
- No Eccentricity Problems, Intelligent Heat Dissipation, Use Excellent Brass Bearing Innovation Technology
- Flash Warning when Low Battery, Convenient to know the Battery Situation
- User-Friendly Design could hold it better
- Cordless and Portable, Varieties of Accesories satisfy Different demands

COMPANY PROFILE

Shenzhen Rainbow are an original manufacturer:

- With BSCI /ISO9001
- Professional in OEM & ODM, with our ID department
- Free ODM service, with free samples for evaluation

➤ Innovative、 Portable Design

Portable with Handbag、 Smaller than Phone

- Adjustable Rotation
For Different Users' Hands Habits

You will find the best Convenient using way

Positive Steering

Negative Steering

Details-Dural Press Button

- Dual Press Buttons Distinguish Gears and Bidirectional Steering

- Optional 3 Modes, Low Speed:15000RPM±10%
High Speed:20000RPM±10%

- Battery Tip: 2 Blue Indicator Lights Flash 5 Times when out of power
- The battery indicator flashes red while charging
The battery indicator is keeping red when fully charged

Blue lights flash 5 seconds to shut down when low battery

Red light Flashing when charging

Details-Built-in Battery

➤ Portable Built-in 350mAh Battery

Working time 2.5H when fully charged

➤ Multi-Charging Way (Type C Cable)

➤ Innovative technology for brass bearings

No eccentricity problems, no bouncing and vibrating nail polishing 、 Intelligent heat dissipation

➤ Compact motor reduces the interior space and creates an ergonomically designed appearance

Multi-Function Drill Bit

Conical Bit
Used for polishing the nail sidewalls and cuticles

Safety Bit
Used to remove bulge parts on the nail surface and nail polish

Needle Bit
Nail carving, nail corner filing

Small Barrel
Buff nail surface and remove nail polish & acrylic nails

Large Barrel
Buff nail surface and remove nail polish & acrylic nails

Mandrel + Sanding Band
Used with sanding bands to polish hard and rough nails

Cone Bit
Remove calluses around the

Barrel Bit
Used to polish nail surfaces and remove calluses

Umbrella Top Bit
Suitable for polishing the nail surface for a smoother feeling

Felted Wool Bit
Polishing the nail for a natural and shiny surface

Coarse Disc Bit
Used for polishing and trimming the edge after cutting nails
