Product Market Chance

Sales Date Trends Show the Demand of Electric Nail Drill has been Risen Sharply

Market Research User Feedback and Focus

- Plug-in Type is not convenient to use and needs to be powered on all the time
- Easy to Carry , and ready to use anytime
- Whether it could be removing cleanly
- Whether it could be used for a long time or not
- Whether it have a long battery life
- Comfortable design could handle and hold it better

Product Advantages and Unique Selling Points

- Built-in 700mAh Large Capacity Battery , Working Time is about 5H
- No Eccentricity Problems, Intelligent Heat Dissipation, Use Excellent Brass Bearing Innovation Technology
- Flash Warning when Low Battery , Convenient to know the Battery Situation
- User-Friendly Design could hold it better
- Cordless and Portable , Varieties of Accesories satisfy Different demands
- With a dust cover, could prevents debris and powder

➤ Innovative、 Portable Design

Portable with Handbag、 Smaller than Phone

- Adjustable Rotation
For Different Users' Hands Habits

You will find the best Convenient using way

Positive Steering

Negative Steering

Details-Dural Press Button

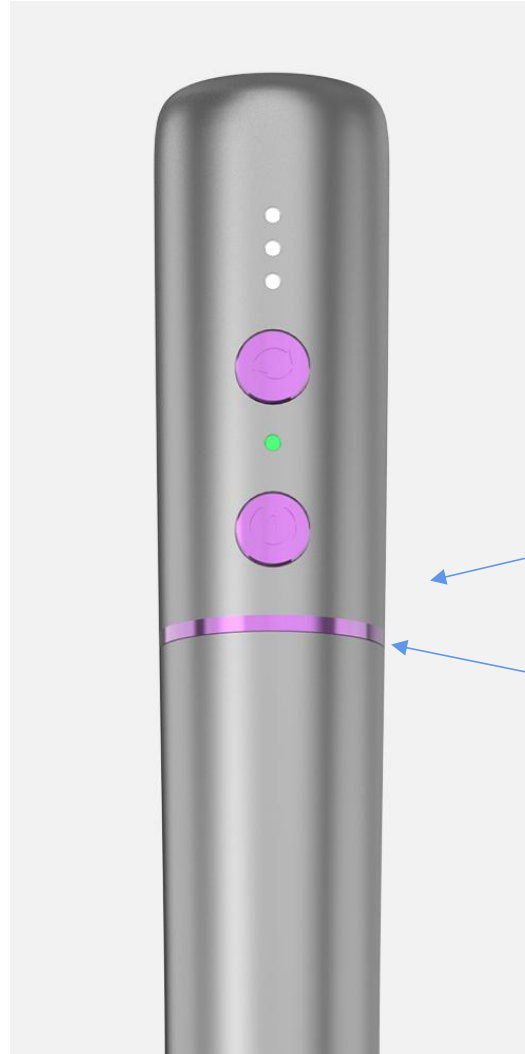

- Dual Press Buttons Distinguish Gears and Bidirectional Steering

- Optional 3 Modes , Low Speed:13000RPM±10%
High Speed:20000RPM±10%

- Battery Tip : 2 Blue Indicator Lights Flash 5 Times when out of power
- The battery indicator flashes red while charging
The battery indicator is keeping red when fully charged

Blue lights flash 5 seconds to shut down when low battery

Red light Flashing when charging

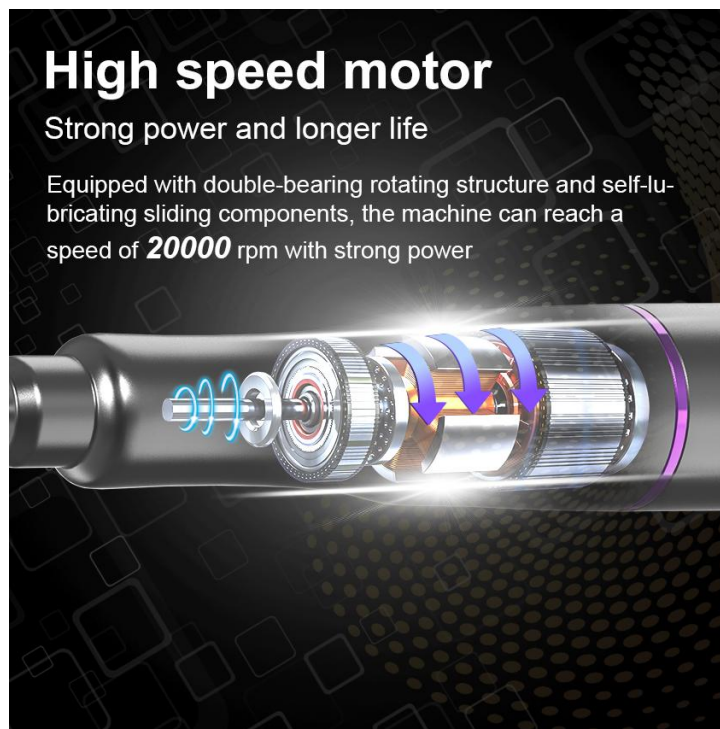

Details-Built-in Battery

➤ Portable Built-in 700mAh Battery

Working time 5H when fully charged

➤ Multi-Charging Way (Type C Cable)

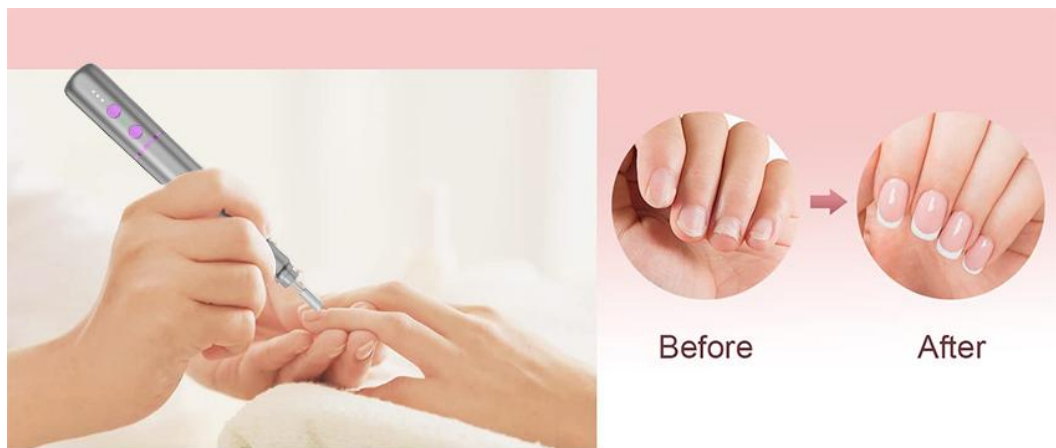

Technology for brass bearings

ty problems, no bouncing
nail polishing 、 Intelligent
on

otor reduces the interior
creates an ergonomically
appearance

Details-Multiple Drill Bits

Natural Packing: 6 nail bits, 6 sanding bands, 1 dust cover

You also could choose:

11 Kind of Nail Drill Bits
